INCINERATOR**

# STOP PORTLAND WASTE INCINERATOR

(in collaboration with **The Portland Association**)

Despite overwhelming community opposition, Powerfuel Portland has announced they are to appeal against Dorset Council's unanimous decision to REFUSE the Portland waste incinerator planning application

We therefore, once again, need to raise funds to engage a legal team to present coherent evidence to the Planning Inspector, in order to ensure this appeal is unsuccessful in its attempt to overturn the decision of our democratically elected representatives

## WE NEED YOUR HELP

To uphold the refusal, opposition to the incinerator needs to continue...

- \* **ACTION NOW:** if you are able to PLEASE DONATE NOW, we have a strong case against the incinerator, but need to engage legal representation, air quality consultants, ecology experts and other expertise to represent us at the Public Inquiry, our goal is £60,000
- \* **NEXT STEP:** write to the planning inspector regarding your concerns
- \* **FINAL STEP:** come along to the first day of the appeal, let the Public Inspector see the strength of feeling within our community

## HOW TO DONATE

On-line crowdfunder: please visit...

<https://www.justgiving.com/crowdfunding/spwii>

Bank Transfer: email (below) or phone for details

Cash: Please call SPWI on 07899 033242
